Professional Experience

I was called to the Malaysian Bar in 2009 and have specialised in construction and engineering arbitration since I commenced legal practice.

I handle international & domestic arbitration, (as counsel) as well as statutory adjudications (Malaysian CIPAA), both as counsel and adjudicator.

Arbitration/Mediation Experience

1. Arbitration between energy infra owner and consulting engineers - Lead counsel for energy infra owner.
2. Arbitration between water utilities provider and contractor - Lead-counsel for water utilities provider.
3. Arbitration between hotel developer and consulting engineers - Co-counsel for consulting engineers.
4. Arbitration between turnkey contractor for major sewerage pipeline works and subcontractor. Counsel for turnkey contractor.
5. Arbitration between Korean contractor and developer. Lead counsel for Korean contractor.
6. Arbitration between condominium developer and main contractor. Lead counsel for developer.
7. Arbitration in respect of maritime works & construction of a maritime centre in Malaysia.
8. Arbitration in respect of the design & construction of a gas and coal-fired power station.

9. Arbitration in respect of the design, fabrication and installation of specialised steel structures.
10. Arbitration in respect of a project to lay underground utility services.
11. Arbitration in respect of consultant professional fees.
12. Arbitration in respect of insurance claims in a construction project.
